

The Chinese Macroeconomy and Financial System

A U.S. Perspective

Ronald M. Schramm

Contents

<i>Preface and Acknowledgments</i>	<i>xix</i>
1. Introduction	1
<i>Four Key Drivers for the Chinese Economy</i>	2
A Large Population	2
A Very High Savings Rate	2
The Government's Role	2
Labor: The Great Economic Shock Absorber	2
<i>Macroeconomics Review and Overview</i>	3
The Macroeconomic Tradition	3
<i>Case Study 1.1: Confucius, Adam Smith, and Family Values</i>	6
<i>Back to Supply and Demand</i>	7
<i>Key Analytic Distinctions in Macroeconomics</i>	9
Business Cycles vs. Growth Cycles	9
Nominal and Real Variables	9
Flow Variables vs. Stock Variables	13
Exogenous vs. Endogenous Variables	13
<i>Ten Basic Macro Facts Most Economists Could Agree On: A Chance to Review</i>	14
<i>Challenging Questions for China (and the Student): Chapter 1</i>	14
<i>Notes</i>	15
<i>Reference</i>	15
2. Measuring and Accounting for the Output of a Nation: GDP	16
<i>Different Approaches to Measuring GDP</i>	16
<i>Case Study 2.1: China's Basic Numbering System</i>	18
Value of Final Goods and Sales Approach	18
<i>Macro Finance Insight 2.1: One Firm's Contribution to GDP</i>	19
Expenditure Approach	20
Value-Added Approach	22
<i>Case Study 2.2: Goldilocks Data—Who Inflated and Shrunk China's GDP?</i>	24
<i>Macro Finance Insight 2.2: GDP Smoothing and Earnings Management</i>	27
Income Approach	28
<i>China's Presentation of GDP Data</i>	29
<i>Issues in Measuring GDP</i>	30

Does GDP Correspond to Well-Being? 30	
<i>Case Study 2.3: The Environment and Trade with the United States</i> 31	
Quality of Growth 32	
<i>Macro Finance Insight 2.3: Quantity of GDP vs. Quality of GDP</i> 33	
Prices and GDP Measurement 34	
Price Distortions 34	
Converting Nominal GDP into Real GDP: The Use of Price Indexes 35	
<i>China's Price Indexes</i> 37	
Consumer Price Index (CPI) 37	
The GDP Deflator 38	
Other Price Indexes 39	
Price Index Issues 40	
<i>Case Study 2.4: China's Unemployment Rate</i> 40	
<i>Alternative Measures of GDP</i> 42	
Unaccounted Output 42	
<i>Macro Finance Insight 2.4: Stakeholders in the Macro-economy</i> 43	
Purchasing Power Parity GDP 45	
Command GDP 46	
<i>Challenging Questions for China (and the Student): Chapter 2</i> 48	
<i>Notes</i> 49	
<i>References</i> 50	

3. China and the United States and the Balance of Payments

52

<i>Case Study 3.1: China's Cautious (Wise) and Staged Liberalization of the Capital Account</i> 53	
<i>Balance of Payments</i> 54	
<i>Case Study 3.2: How Did China Accumulate Over US\$3 Trillion in Foreign Exchange Reserves?</i> 58	
<i>Macro Finance Insight 3.1: The Role of the International Monetary Fund</i> 59	
<i>Macro Finance Insight 3.2: China's External Balance Sheet and Capital Structure</i> 60	
<i>Macro Finance Insight 3.3: The Pecking Order Theory</i> 61	
<i>Current Account Balance from Four Angles</i> 62	
Approach #1: Current Account Balance by Definition 62	
Approach #2: Current Account Balance and Absorption 62	
<i>Case Study 3.3: China and the United States—Two Sides of the Same Coin</i> 63	
Approach #3: Current Account Balance and the Gap Between Savings and Investment 63	
Approach #4: Current Account Balance and External Debt 64	
<i>Macro Finance Insight 3.4: What is the Cash Flow for an Entire Economy?</i> 65	
<i>Challenging Questions for China (and the Student): Chapter 3</i> 67	
<i>Notes</i> 68	
<i>References</i> 68	

4. Long-Run Economic Growth	69
<i>Part I: Economic Basis for Long-Run Growth</i>	71
<i>The Accounting Framework</i>	71
<i>Case Study 4.1: China's Growth Since the 1978 Economic Reforms</i>	72
<i>Accounting for Growth in Labor Productivity</i>	74
<i>From Solow Accounting to Solow Theory</i>	74
<i>Case Study 4.2: China's Population Controls</i>	76
<i>Case Study 4.3: Solow Theory and Why China Is Growing Far Faster Than the United States and Europe</i>	79
<i>Case Study 4.4: Are China's Provinces Converging?</i>	81
<i>Further Insights into Long-Run Growth</i>	83
<i>Case Study 4.5: Increasing and Decreasing Returns-to-Scale</i>	84
<i>Macro Finance Insight 4.1: Sustainable Growth I—National Returns on Capital</i>	85
<i>Case Study 4.6: Cautionary Tale of Two Cities—Singapore vs. Hong Kong</i>	87
<i>Part II: Financial Basis for Long-Run Quality Growth</i>	88
<i>Using ROIC and WACC to Evaluate the Quality of Growth</i>	89
<i>Measuring ROIC and the Cost of Capital à la Wicksell</i>	89
<i>Measuring Returns on Capital</i>	91
<i>The Solow Approach and ROIC</i>	91
<i>Macro Finance Insight 4.2: Return to Capital—ROIC and ICOR</i>	93
<i>Actual Profits and ROIC</i>	94
<i>A Broader Measure of ROIC: The Dupont Model and Macro Aggregates</i>	95
<i>Macro Finance Insight 4.3: Sustainable Growth II—The Dupont Model</i>	99
<i>Measuring the Cost of Capital</i>	100
<i>Summary of China, the United States, and the Cost of Capital</i>	102
<i>Macro Finance Insight 4.4: Growth and Competitive Advantage</i>	103
<i>Summary of the Returns and Cost of Capital</i>	104
<i>Challenging Questions for China (and the Student): Chapter 4</i>	104
<i>Notes</i>	105
<i>References</i>	106
5. Consumption and Savings in China and the United States	108
<i>China's Current Savings Rate</i>	108
<i>Theories of Savings</i>	110
<i>Disposable Income, Consumption, and the Interest Rate</i>	111
<i>Life Cycle, Permanent Income, and Wealth Effects</i>	111
<i>Case Study 5.1: Is Consumption (消费) a Bad Word?</i>	113
<i>Liquidity/Borrowing Constraints</i>	113
<i>Precautionary Motive for Savings</i>	114
<i>Specific Savings Motives</i>	115
<i>Why Has China's Savings Rate Risen So High?</i>	115
<i>China's Precautionary Motive</i>	115
<i>Case Study 5.2: Recent Chinese History and the Precautionary Motive for Savings.</i>	116

The Life-Cycle Hypothesis and the Dependency Ratio	117
Demographic Factors in the Coming Years	117
<i>Case Study 5.3: Keeping Up with the Wangs (Joneses): Unbalanced Income Distribution</i>	121
Borrowing/Lending Constraints and Consumer Credit in China	122
Peer-to-Peer Lending	122
Home Mortgages	123
Student Loans	123
<i>Case Study 5.4: Credit Reforms as an Example of a Program Rollout</i>	124
Progress in Consumer Credit Markets	124
<i>Other Factors Impacting China's Savings Rate</i>	125
Policies Promoting Investment and Exports	125
Implicit Insurance of Savings Deposits	125
<i>Case Study 5.5: Love and Marriage—Unbalanced Sex Ratios</i>	126
<i>Summary of China's Personal Consumption and Savings</i>	126
<i>Corporate Savings and Investment</i>	126
Sources of Profitability	127
Dividend Policy	128
<i>Macro Finance Insight 5.1: When Dividends Are a Problem</i>	129
Theories of Dividend Policy	129
Alternate Views	129
<i>Challenging Questions for China (and the Student): Chapter 5</i>	132
<i>Notes</i>	133
<i>References</i>	134

6. China's Path of Investment 136

<i>China's Investment: Uses and Sources</i>	138
Uses	138
<i>China Case Study 6.1: Is There a Housing Bubble?</i>	140
Sources	141
<i>Investment Demand Theories</i>	143
Models of Investment Behavior	143
<i>Macro Finance Insight 6.1: Optimal Investment, Neoclassical Model, and Project Evaluation</i>	144
<i>Is China's Investment Too High?</i>	146
Financial Repression	148
A Growing Periphery	150
<i>China Case Study 6.2: China's Development Bank: A Fannie Mae Freddie Mac Redux?</i>	150
<i>Summary</i>	152
<i>Challenging Questions for China (and the Student): Chapter 6</i>	152
<i>Notes</i>	153
<i>References</i>	154

7. Monetary Policy and Institutions in China and the United States 155

<i>Defining Money (Conceptually)</i>	155
<i>Case Study 7.1: The Invention of Paper Money</i>	155

<i>Defining Money (Institutionally)</i>	156
<i>Case Study 7.2: RMB Notes by the Carload</i>	158
<i>Macro Finance Insight 7.1: Walras's Law and How China and the United States Hold Wealth</i>	159
<i>Defining the Velocity of Money</i>	163
<i>Case Study 7.3: Did the Chinese Invent Velocity, Too?</i>	163
<i>The Money Supply Process</i>	164
<i>Monetary Policy Tools</i>	165
Open Market Operations	165
Discount Window Lending	166
<i>Macro Finance Insight 7.2: Seasonality and an Elastic Currency</i>	168
Window Guidance	172
Reserve Requirements	172
<i>Macro Finance Insight 7.3: Return on Equity (ROE) and the Money Multiplier</i>	174
Interest Rate Ceilings and Floors	175
Directed Credit	178
<i>Case Study 7.4: Developments in China's Financial Markets</i>	179
Regulatory Fiat	180
Government Deposit Management	180
Price-Based vs. Quantity-Based; Market-Based vs. Non-Market-Based	181
<i>Summary of Differences</i>	181
<i>Case Study 7.5: China's 'Big Four' Banks</i>	182
<i>Case Study 7.6: Financial Innovation or Financial Disintermediation in China</i>	184
<i>Macro Finance Insight 7.4: Demand for Money as an Option: the Precautionary Motive</i>	184
<i>Challenging Questions for China (and the Student): Chapter 7</i>	187
<i>Notes</i>	188
<i>References</i>	188

8. Monetary Policy in Action

190

<i>Broad Goals of Monetary Policy</i>	190
<i>The Chinese Dilemma and the Policy Trilemma</i>	191
The Basic Conflict	191
<i>Macro Finance Insight 8.1: Current Account Surpluses and the Policy Trilemma</i>	195
Capital Mobility and the Policy Trilemma	197
<i>Sterilization and the Monetary Authority's Balance Sheet</i>	199
<i>Case Study 8.1: Walras's Law, the Flow of Funds, and Missing Assets and Wealth</i>	200
<i>Case Study 8.2: Are China's Holdings of U.S. Dollars Profitable?</i>	202
<i>Recent Monetary Policy Developments</i>	202
<i>Case Study 8.3: China's Capital Structure</i>	208
<i>Summary</i>	210
<i>Challenging Questions for China (and the Student): Chapter 8</i>	210
<i>Notes</i>	211
<i>References</i>	211

9. The Keynesian Model: Extensions to China and Beyond	213
<i>Traditional Keynesian Framework: Investment, Savings, Liquidity Preference, and Money Supply</i>	213
IS/LM: A Review	213
Equilibrium in the Market for Goods and Services (the Market for GDP or the IS Curve)	213
Equilibrium in the Money Market (the LM Curve)	215
Equilibrium in Both Markets	217
<i>Case Study 9.1: China and the Keynesian Framework</i>	219
<i>Aggregate Demand and Supply</i>	221
<i>Keynesian Model Extensions</i>	224
Goods Market Equilibrium and Interest Rate Overshooting	224
Overshooting in Currency Markets	225
